For the information of offices not in receipt of previous information, [redacted] member of captioned party, which is a self described "secret" "communist party," made up of "full time revolutionaries." Information and documents provided by asset, indicate the Provisionary Party (PP) plans to overthrow the U.S. Government on 2/19/84, through unspecified violent military actions. This military activity is referred to as the "Proscemium Tactic." It is noted that asset provided a series of documents, approximately four inches thick, which established the goals of the PP as well as its secret nature. In addition, asset successfully passed a series of polygraph examinations and additional limited corroboration has been received from previous sources who, in past years, have provided general information regarding the group.

It is believed that asset's creditability is further enhanced by the large volume of specific information provided, as a great deal has been corroborated with similar information already contained in Newark files.

Additional verification of assets information has been obtained through "testing" of the asset during interviews, in an attempt to determine if asset could be "making up" or "fantasizing" parts of the story. Asset was asked about fictitious names and fictitious incidents and intrigues. Asset never "took the bait: in these traps. This seems to indicate asset is truthfully reporting what the group believes about themselves and their capabilities.

The following partial list of names of current and former members and associates of captioned organization has been compiled from a variety of sources, and is provided for the use of receiving offices. In addition to the successful completion of polygraph examination by [redacted] a detailed review of Newark files provided the following corroboration of assets information.

A Sacramento letter to the Bureau, dated 7/15/80, Sacramento (100-8023) captioned "PROVISIONAL WING OF THE COMMUNIST PARTY OF THE US; ET AL," relates information received from a [redacted] (protect identity) on 3/31/80. Asset provided specific plans for the revolution described by []. Asset stated that [].

b2
b7D

New York airtel to the Bureau, dated 1/11/82 set forth general information provided by [] concerning captioned groups. This information was basically the same as the more specific information provided by [].

[] stated he had some contact with captioned group. He described the recruiting process and "secret" meetings, to which he was not allowed to travel alone and for which a "cover story" was prepared if the police were encountered.

b2
b7D

[] stated the members travel to meeting, including NATLFED in group and a cover story was known.

New York source described a plan to overthrow the government in February, 1982. Newark source stated the correct date of 2/19/84, has been set for about ten years, with a calendar marking off the months and weeks to the date. The calendar is located in the living room at the National Office Central (NOC).

NK 100B-57407

New York asset described meetings at various churches in New York City and in a penthouse at 145 West 55th Street. Newark asset stated National Labor College (NLC) and other meetings, which are considered "secret" are held at various churches and also provided the address of 145 West 55th Street, or 155 West 45th as a penthouse office used for the Additional Arenas (AD-AR) facility.

Both assets described documents being delivered in "pouches" by couriers.

The New York source stated that recruiting on college campuses was accelerated in 1979, to provide "solid members for the military four year plan." The Newark asset stated that 1979 marked a shift from a "defensive" posture to that of "accute offensive." All of the activities were placed on time programs and given deadlines.

[redacted] stated that military aspects were never discussed openly within the inner group. [redacted] independently claimed all business of the military fraction is considered "secret" and not discussed outside of the military, even with trusted interior cadre members.

b2
b7D

Both assets discussed regular military training and infiltration of labor unions being primary objections. [redacted] provided examples of the clandestine control of labor unions.

The New York source described [redacted]

[redacted] emphatically stated that some form of armed violence is planned and stated he never doubted their ability of "at least attempting some type of armed insurrection." [redacted] is absolutely convinced "bloodshed" will occur and the party will try to "take over" the US government.

The previous New York investigation verified the 145 West 55th Street location.

NK 100B-57407

New York reported the Suffolk County PD investigation of the Eastern Farm Workers Association (EFWA) facility. It also discussed a purchase of two military type assault rifles by [redacted] described [redacted] as having the party [redacted] and provided a physical description and maiden name of [redacted]

A Philadelphia teletype to the Bureau, New York and Newark, discussed two former fringe members who confirmed the party's basic structure and gave conflicting reports of possible violence.

New York airtel to the Bureau, dated 2/3/82, confirmed several organizations described by [redacted]. It reported a letter received from a woman who attended NLC meetings in 1981. The letter spoke in vague terms of a revolution, uniformed guards at the meetings and the Marxist doctrines presented. The letter mentioned the guards with red stars on their berets and mentioned [redacted]

b2

This also corroborates [redacted] information. Both spoke of the uniforms and attendees from several northeastern states, as did [redacted].

Airtel dated 2/17/82, reported a search, by the Patchogue, NYPD, in January, 1973, of the EFWA facility at Bellport, New York. This resulted in the seizure of two handguns and a possession of firearms charge being lodged against [redacted] described [redacted]

This appears to corroborate [redacted] reported observa-

~~SECRET~~

NK 100B-57407

In addition to the above, on 4/26/82 and 4/28/82, the Piscataway Resident Agency received anonymous telephone calls from an unidentified male who stated his "girl friend" was a member of ESWA. He provided information which described an NLC meeting, which was remarkably similar to that set forth by other sources. He was told by a member, that "something big" is planned "within 24 months" and reported hearing a member comment "we're going to take over."

b2
b7D This anonymous caller declined to provide his name because he "fears" for his physical safety. The Atlantic City source reported being afraid he would be killed if the group learned he had gone to the authorities. [redacted] also reported being afraid of the group and a fear of violence caused asset to break with the group and report information known to source.

Newark verified the fact that members of the Military Fraction tried to locate asset for several weeks after departure.

In addition, documents provided by asset corroborate, as set forth in a previous communication, much of the above information, including the existence of the Military Fraction and a secret Revolutionary Communist Party.

Following the many hours of debriefing of asset, review of voluminous documents provided by asset combined with the similarity of information received from several individuals over a period of several years, it is the belief of Newark that instant group must be taken "for real," at least as far as what they think about themselves. It seems to be that members of the Provisional Party believe they will initiate some form of violent activity. Whether this will take place on 2/19/84, as alleged by asset is not known, nor is the nature of this action known.

Asset has categorically refused to return to the party, [redacted]

The Provisional Communist Party (PCP) was founded in approximately 1971 by a group of individuals, including [redacted] and an unknown fourth person. The PP was founded to be a revolutionary communist party whose goal is that of seizing control of the government of the US through military force. Asset was told repeatedly, over a period of more than one year, that the US government would be seized, through a coupe on February 19, 1984. The incident, referred to as the "Proscenium Tactic" is scheduled to begin at midnight on February 18, 1984. The members believe that within thirty-nine and one-half (39½) hours the US government will be under their control, probably through a capitulation. The Proscenium Tactic will include the following:

1. A general strike on both east and west coasts of unions under the control of the PP.
2. Jamming telephone lines of temporary employment agencies.
3. A national press conference.
4. Hiring halls to be opened through the Temporary Workers Organizing Committee.
5. Aggressive military action on a nationwide basis by the Military Fraction (MF). The nature of this action is not known by asset, as he was not included in the MF.

Following the founding of the PCP, a lengthy constitution was written, which has been combined with a lengthy "Statement of Principles," which defined the organizations structure and intent.

The constitution and Statement of Principals identifies the group as the PPC, USA, and as the Provisional Wing of the Party of Lenin. It refers to the "... closed, narrow and secret party of Lenin as the vehicle of revolution..." The party is defined as: "... a closed or narrow party..." whose "... actual name of the organization will appear on no documents, no propaganda." "The title 'Provisional Party' will act as a designate for inner Party documents." It later refers to the "... closed and secret party of Leninist Revolution."

In addition, the documents call for the establishment of "open" and "closed fractions." Asset stated the closed fraction is the "military fraction. The open fractions are the various "entities" established to service the "secret" party and to provide public fronts for financing, recruiting, training, and establishing a power base.

Asset stated that the party underwent a major change in 1979. Prior to 1979, the party was "all talk" with members "sitting around smoking dope in back rooms," with little being accomplished. In 1979, the party shifted from "defense" to an "accute offensive" phase. The new phase banned drugs and sex in order to become more efficient and instituted a "military" type discipline. Each member began to operate on the basis of a daily "Battle Plan," in which each cadre members day is accounted for, in writing, on a 24 hour basis. Each hour is accounted for in quarter hour segments.

The progress from part-time volunteer to full membership in the "interior" party is highly formalized and regulated through formal lectures, reading assignments, lectures and evaluation, under the sponsorship of two interior members.

The first stage is a "Tabular Volunteer." The Tabular is a person who volunteers, through one of the public organizations operated by full members, to donate money, run errands, make telephone calls, etc. Within three months to one year, this volunteer, after evaluation, may be upgraded to "Viable Volunteer." At this level, the volunteer can be counted on to volunteer whatever is requested. He begins attending the National Labor College and usually becomes aware, to varying degrees, of the Marxist or revolutionary aspect of the organization. He is placed under the jurisdiction of the cadre system.

The next stage, the "Tabular Cadre," may be full or part-time. He learns of the "Statement of Principles" and is assigned sponsors and given regular reading assignments. He gradually learns that the organizers are "professional revolutionaries."

3

The fourth step is that of "Viable Cadre." As a viable cadre, the member is fully committed to the revolution.

The final stage, "Full Member" or "Interior Cadre" comes after one year as viable cadre.

Only Interior Cadres are eligible for membership in the "Military Fraction."

Asset provided the following information concerning the groups, or "arenas" which are part of the PP:

Asset advised that the PCP is divided into 14 fractions, set forth as follows: Military, Legal, Business, Press, National Labor Federation, Association of Financial Aid to Students (AFAS), Parliamentary, Youth, Minorities, International and the National Foundation for Alternative Resources. Asset added that the AFAS, Youth and Minorities are considered in the "Politbureau Principal of Intertactical Suspense," which means they are not active.

In addition to the above, any activity not directly included in the above, such as medical, is handled under Additional Arenas (AD-AR).

Of the above, the Military Fraction is by far the largest, with many members of other fractions also holding military assignments. The military is considered a "closed" or "secret" fraction and is basically supported by all of the others. Asset stated that an "armed coupe" to overthrow the US government is the only purpose for the party's existence. Other fractions are used for recruitment, fund-raising and for legitimacy.

The National Office Central (NOC) is located at 1107 Carroll Street, Crown Heights, Brooklyn, New York. All operations, except on the west coast, are run from this location. This is considered secret by the PCP.

NOTE:

THE INVESTIGATION OF THE CAPTIONED GROUP IS BASED ON INFORMATION PROVIDED BY [REDACTED] WHO HAS PROVIDED INFORMATION ON THIS GROUP SINCE AUGUST 1, 1983. THE SOURCE HAS BEEN POLYGRAPHED REGARDING THE ALLEGATIONS MADE AGAINST THE CAPTIONED GROUP, AND IN THE OPINION OF THE POLYGRAPH OPERATOR, IS BEING TRUTHFUL. [REDACTED] HAD BEEN A MEMBER OF THE CAPTIONED ORGANIZATION [REDACTED] WHEN THE SOURCE BECAME DISENCHANTED WITH THE GROUP.

b2
b7D

THE SOURCE'S ALLEGATIONS APPEAR BELOW:

THE PROVISIONAL PARTY OF COMMUNISTS, USA IS REFERRED TO BY MEMBERS AS THE PROVISIONAL PARTY AND THE CPUSA PROVISIONAL; HAS NO CONNECTION WITH THE COMMUNIST PARTY, USA {CPUSA}.

THE PARTY IS DIVIDED INTO SEVERAL "FRACTIONS" WHICH ARE OPENED TO ALL PARTY MEMBERS {CADRES}, AND ONE CLOSED FRACTION WHICH IS KNOWN AS THE MILITARY FRACTION.

THE MILITARY FRACTION REQUIRES A MINIMUM OF ONE-YEAR FULL-TIME PARTY MEMBERSHIP COMPLETE WITH "POLITICAL EDUCATION, TRAINING, AND EVALUATION." THIS MILITARY FRACTION IS ARMED AND PARTICIPATES IN REGULAR MILITARY DRILLS. ALTHOUGH THE SOURCE WAS NOT A MEMBER OF THE MILITARY FRACTION, THE SOURCE GAINED KNOWLEDGE REGARDING THE MILITARY FRACTION WHILE WORKING AT THE NATIONAL HEADQUARTERS OF THE CAPTIONED ORGANIZATION LOCATED IN NEW YORK CITY, NEW YORK.

WHILE WORKING IN THE NATIONAL OFFICE, THE SOURCE OBSERVED FIREARMS ON SEVERAL OCCASIONS. THE SOURCE LEARNED THAT ONE ROOM IN THE HEADQUARTERS IS REFERRED TO AS "THE CAVE" AND IS KEPT GUARDED ON A 24-HOUR BASIS. ON ONE OCCASION, THE SOURCE OBSERVED THE DOOR OPENED AND BRIEFLY SAW A LARGE SUPPLY OF FIREARMS. THE ROOM CONTAINED THREE RACKS OF SHOULDER WEAPONS AND A NUMBER OF OLIVE DRAB DUFFLE BAGS WHICH APPEARED TO BE FILLED WITH FIREARMS. ON SEVERAL OCCASIONS, THE SOURCE OBSERVED FIREARMS BEING CARRIED INTO THE BUILDING, AND HAS IDENTIFIED THESE FIREARMS AS APPEARING TO BE .30 CALIBER CARBINES, AK 47'S, AND VARIOUS WEAPONS WITH SCOPES.

DURING THE SOURCE'S TENURE WITH THE CAPTIONED ORGANIZATION, THE SOURCE LEARNED THAT THE PROVISIONAL PARTY OF COMMUNISTS, USA IS A REVOLUTIONARY COMMUNIST PARTY, TOTALLY DEDICATED TO REVOLUTION IN THE UNITED STATES. THE U.S. GOVERNMENT AND ALL OF ITS AGENCIES ARE CONSIDERED MORTAL ENEMIES. PLANS ARE WELL UNDERWAY FOR AN ARMED "TAKEOVER" OF THE U.S. GOVERNMENT. THE TAKEOVER IS REPORTEDLY SCHEDULED FOR FEBRUARY 19, 1984. ON THIS DATE, THE CAPTIONED ORGANIZATION WILL ENGAGE IN UNSPECIFIED "MILITARY ACTIONS" ON A COAST TO COAST LEVEL.

NOTE CONTINUED:

SOURCE INFORMATION, CORROBORATED THROUGH POLYGRAPH EXAMINATIONS, HAS INDICATED THE GROUP HAS WEAPONS, HAS ENGAGED IN WEAPONS TRAINING, AND IS PLANNING SOME SORT OF "MILITARY ACTION" ON FEBRUARY 19, 1984. BASED ON THIS INFORMATION, A FULL DS/T INVESTIGATION WAS INITIATED ON THIS GROUP.

THE CAPTIONED ORGANIZATION HAD BEEN THE SUBJECT OF A DS/T INVESTIGATION IN 1982; HOWEVER, THE INVESTIGATION FAILED TO SUBSTANTIATE PREVIOUS ALLEGATIONS AGAINST THE ORGANIZATION.

NEWARK SOURCE ALSO INDICATED THAT [REDACTED] MEMBER OF THE MILITARY FRACTION OF THE PPC AND WOULD BE IN A POSITION TO KNOW DETAILS REGARDING ANY PLANNED ACTIONS ON BEHALF OF THE GROUP. THE SOURCE FURTHER STATED THAT MEMBERS OF THE MILITARY FRACTION OF THE PPC ARE CONCERNED THAT [REDACTED] HAS LEFT THE GROUP BECAUSE OF HIS KNOWLEDGE OF PPC ACTIVITIES.

b6
b7C

ON NOVEMBER 2, 1983, NEW YORK OFFICE ADVISED BY TELETYPE THAT [REDACTED] HAD BEEN LOCATED AT FORT BRAGG, NORTH CAROLINA. NEW YORK REQUESTED AUTHORITY FOR NEW YORK CASE AGENT AND NEWARK SOURCES HANDLING AGENT TO TRAVEL TO CHARLOTTE DIVISION TO CONDUCT DETAILED INTERVIEW OF [REDACTED]

IT IS BELIEVED THAT THIS TRAVEL IS NECESSARY IN THAT BOTH CASE AGENT AND SOURCES HANDLING AGENT POSSESS THE NEEDED BACKGROUND INFORMATION TO MAKE THIS INTERVIEW EFFECTIVE. THIS IS ESPECIALLY IMPORTANT IN VIEW OF THE IMPENDING VIOLENT ACTS BEING PLANNED BY THE PPC IN FEBRUARY, 1984.

THE ABOVE FACTS AND CIRCUMSTANCES WERE EXPLAINED TO SECTION CHIEF STAN KLEIN, WHO AUTHORIZED TRAVEL IN THIS MATTER.

Enclosed for the Bureau are five copies, and all field divisions, two copies of one LHM captioned as above. Although specific leads are not being designated for all field divisions, it is requested receiving divisions check indices of all members/main groups/sub groups for any/all additional background information that may assist New York Division (Joint Terrorist Task Force - JTF-2). Specific leads are being disseminated by teletype/airtel as they develop. Only positive information should be forwarded to NYO.

All receiving offices should be aware that based on source information and independent investigation that group(s) involved in captioned matter advocate an intent to instigate a violent "coup" on 2/19/84, to overthrow the United States Government. Any/all investigation is urged to be completed well in advance of 2/19/84 to insure Bureau's interests are protected and to allow New York Division to adequately plan specific course of action.

Members of captioned group(s) are Marxist, revolutionary in nature, and appear to be in possession of arms, therefore, extreme caution should be exercised in conducting any/all investigation.
